A MESSAGE FROM THE OWNER

Hi Families,

Yes, I actually created United Nanny for you. So families like yours, who are busy and want to avoid going through this process more than once, can find a nanny that completes their family.

After being in childcare for 16 years I created United Nanny and I built it on the phrase 'Happiness is One Nanny Away' because I think most families are.

Families with nannies enjoy the flexibility, the personalized care, and the stress relief, among many other. A great nanny doesn't just watch your children, a great nanny ensures the whole family thrives.

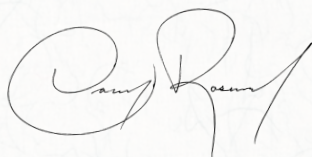

Our greatest strength is being able to assist families find the care they need, not just what they think they need.

I've been in childcare for over half my life, I authored "Nanny ABCs: The Sitter's Handbook" (available on Amazon), I've spoken for the International Nanny Association, US Nanny Association, Adventure Nannies, EngineHire, Seattle Nanny Network, I wrote articles numerous childcare sites and associations, and I host the Nanny ABCs Next Step podcast.

As a professional nanny I was able to provide great care for one family at a time but now, with United Nanny, I am able to provide the highest quality care for hundreds.

I look forward to helping your family.

Best,

Danny Rosenthal - Owner of United Nanny

HIRING A NANNY 101

Who employs the nanny?

Nannies are employed by families. An agency is typically a referral/recruiter service. Agencies in Illinois must reapply annually, meeting the requirements to be licensed and bonded.

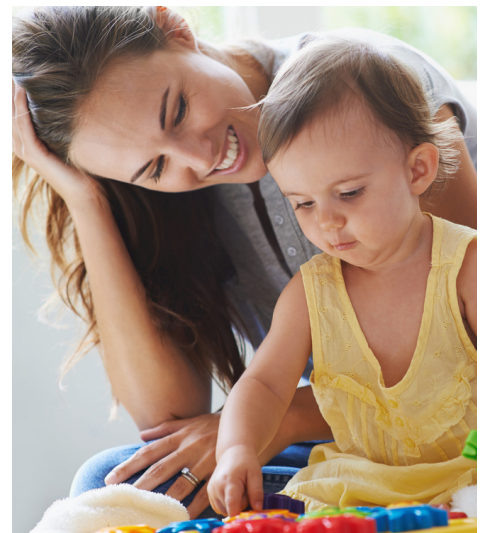

How are nannies paid?

Legally. Nannies must be paid hourly and are ineligible to be placed on a salary. Nannies are also entitled to time and a half after 40 hours per week.

Although unused hours can not be banked or saved for another day, many families and nannies prefer guaranteed hours to provide stability.

How long is the hiring process?

Including the time each family will be reviewing and interviewing candidates, the hiring process typically takes between 2 to 8 weeks depending on the requirements of the position, recruiting qualified candidates, and completing the agency due diligence of each nanny (reference checks/background checks).
